Chapter 1

GENERAL PROVISIONS

§ 101 Annexation by city or town.

Any city or town proposing to extend its boundaries, irrespective of any municipal charter provisions, whether such extension is proposed by action of the General Assembly or pursuant to the provisions of a home rule charter, except any proposed annexation that has been submitted to the Office of State Planning Coordination prior to July 13, 2001, for review, shall conform to the following provisions:

(1) All annexations must be consistent with the most recently adopted municipal comprehensive plan meeting the requirements of Chapter 7 of this title. The area or areas being considered must be depicted as area or areas for future annexation on the adopted plan. If a municipality does not have an adopted comprehensive plan, or if its adopted comprehensive plan does not depict areas for future annexation, it shall prepare and adopt a plan or plan amendment within 12 months of July 13, 2001. The municipality shall not approve any annexations until such plan or plan amendment is adopted, notwithstanding any other charter provisions; except that during the 12-month period a municipality may consider an annexation of already developed parcels where the proposed use or uses will not change from that currently authorized in the adjacent jurisdiction and where the primary purpose of the annexation is to address existing public health or safety issues such as, but not limited to, failing on-site wastewater disposal systems or contaminated or inadequate drinking water. In such cases, paragraphs (2) through (5) of this section shall not apply.

(2) Anything in this chapter or in any municipal charter notwithstanding, a municipal corporation shall have the ability to annex a parcel only if and to the extent that such parcel is contiguous with existing municipal boundaries. "Contiguous" means that a part of the boundary of the parcel sought to be annexed by a municipal corporation is conterminous with a part of the boundary of the municipal corporation. The separation of the parcel sought to be annexed from the annexing municipal corporation by (i) a right of way for a highway, road railroad, canal or utility, or (ii) a body of water or watercourse, running parallel with and between the parcel sought to be annexed and the annexing municipality shall not prevent annexation pursuant to this section; provided, however, that nothing herein shall be construed to allow rights of way, utility easements, waterways or like entities to be annexed in corridor fashion or to be utilized as a corridor route for annexation to gain contiguity.

(3) A city or town shall prepare a plan of services indicating those services it expects to provide to the newly annexed area, how such services will be provided, and the fiscal and operating capabilities of the municipality to provide such services. Should any services be provided by another jurisdiction or a public utility regulated by the Delaware Public Service Commission, the written comments of such provider on the provider's ability to provide the necessary services for the proposed annexation shall be obtained and included in the plan of services. The study shall be conducted in accordance with standards or criteria established by the Cabinet Committee on State Planning Issues as administered by the Office of State Planning Coordination.

(4) At the time of annexation the jurisdiction shall by ordinance rezone the area being annexed to a zoning classification consistent with the adopted comprehensive plan or development strategy.

(5) A municipality proposing annexation must fully comply with the provisions of Chapter 92 of Title 29 as to state notice, and must demonstrate that it has notified all other affected jurisdictions, conducted a public hearing, and provided a comment period of at least 30 days before formal annexation. The city or town proposing annexation shall file with the State Office of Planning Coordination any written comments received concerning such proposed annexation together with any response or responses thereto.

(6) The Office of State Planning Coordination shall establish a mechanism for resolving disputes between jurisdictions regarding annexations. The mechanism developed by the Office of State Planning Coordination shall address:

- a. Determination of how the costs for the dispute resolution process are born among the parties;
- b. Timeline for the dispute resolution process; and
- c. Extent to which the dispute resolution process will be enforceable.

Such special election shall be held not less than 30 days nor later than 60 days following the date of approval of the county ordinance by the chief executive officer of the county pursuant to paragraph (a)(2)d. of this section.

If the proper election official certifies that the results of the special election indicate that a majority of the qualified voters in each parcel of the territory who voted in such election approved of the proposed annexation, the annexation shall become effective on the first day of the month immediately following such certification.

(b) If either legislative body shall fail to enact the respective ordinances required under paragraphs (a)(2)a. and c. of this section, or if either chief executive officer shall fail to approve such respective ordinances as required by paragraphs (a)(2)b. and d. of this section, or if the certification of the votes cast in the special election shall indicate that a majority of the qualified voters in each parcel of the territory who voted in such election was against the annexation of the territory, the proposed annexation of the territory shall be declared to have failed. Subchapter I
General Provisions

§ 301 Grant of power.

For the purpose of promoting health, safety, morals or the general welfare of the community, the legislative body of cities and incorporated towns may regulate and restrict the height, number of stories and size of buildings and other structures, percentage of lot that may be occupied, the size of yards, courts and other open spaces, the density of population, and the location and use of buildings, structures and land for trade, industry, residence or other purposes.

(39 Del. Laws, c. 22, § 2; Code 1935, § 6228; 22 Del. C. 1953, § 301.)

§ 302 Division into districts; regulations.

For any or all of the purposes provided in § 301 of this title, the legislative body may divide the municipality into districts of such number, shape and area as may be deemed best suited to carry out the purposes of this chapter, and within such districts it may regulate and restrict the erection, construction, reconstruction, alteration, repair or use of buildings, structures or land. All such regulations shall be uniform for each class or kind of buildings throughout each district but the regulations in 1 district may differ from those in other districts.

(39 Del. Laws, c. 22, § 3; Code 1935, § 6229; 22 Del. C. 1953, § 302.)

§ 303 Purpose of regulations.

The regulations shall be made in accordance with a comprehensive plan and designed to lessen congestion in the streets, to secure safety from fire, panic and other dangers, to promote health and the general welfare, to provide adequate light and air, to prevent the overcrowding of land, to avoid undue concentration of population, to facilitate the adequate provision of transportation, water, sewerage, schools, parks and other public requirements. Such regulations shall be made with reasonable consideration, among other things, as to the character of the district and its peculiar suitability for particular uses and with a view to conserving the value of buildings and encouraging the most appropriate use of land throughout the municipality.

(39 Del. Laws, c. 22, § 4; Code 1935, § 6230; 22 Del. C. 1953, § 303.)

§ 304 Establishment and enforcement of regulations.

The legislative body of the municipality shall provide for the manner in which the regulations and restrictions and the boundaries of the districts shall be determined, established and enforced and from time to time amended, supplemented or changed. However, no such regulations, restriction or boundary shall become effective until after a public hearing in relation thereto, at which parties in interest and citizens shall have an opportunity to be heard. At least 15 days' notice of the time and place of such hearing shall be published in an official paper or a paper of general circulation in such municipality.

(39 Del. Laws, c. 22, § 5; Code 1935, § 6231; 22 Del. C. 1953, § 304.)

§ 305 Changes in regulations; procedure.

The regulations, restrictions and boundaries may from time to time be amended, supplemented, changed, modified or repealed. In case, however, of a protest against such changes signed by the owners of 20 percent or more, either of the area of the lots included in such proposed change or of those immediately adjacent thereto extending 100 feet therefrom or of those directly opposite thereto extending 100 feet back from the street frontage of such opposite lots, such amendment shall not become effective except by the favorable vote of three fourths of all the members of the legislative body of the municipality; provided, however, that in any municipality of this State with a population in excess of 50,000 persons, the foregoing provisions regarding a protest shall not be applicable to any such change which is proposed in connection with the construction of federally assisted multi-family housing for the elderly and handicapped, in all instances of which such change shall become effective by the favorable vote of a simple majority of all the members of the legislative body of the municipality. The provisions of § 304 of this title, relative to public hearings and official notice, shall apply equally to all changes or amendments.

(39 Del. Laws, c. 22, § 6; Code 1935, § 6232; 22 Del. C. 1953, § 305; 67 Del. Laws, c. 183, § 1.)

The commission shall consist of not more than 2 members from 1 party and appointments shall be made for 2, 4, and 6 years, and for 6-year terms thereafter. Such commission shall make a preliminary report and hold public hearings thereon before submitting its final report. The legislative body shall not hold its public hearings or take action until it has received the final report of such commission.

(39 Del. Laws, c. 22, § 7; Code 1935, § 6232; 22 Del. C. 1953, § 306.)

§ 307 Conflict with other laws.

Wherever the regulations made under authority of this chapter require a greater width or size of yards or courts, or a lower height of building or less number of stories, or a greater percentage of lot to be left unoccupied, or impose other higher standards than are required in any other statute or local ordinance or regulation, the regulations made under authority of this chapter shall govern. Wherever any other statute, local ordinance or regulation requires a greater width or size of yards or courts, or a lower height of building or a less number of stories, or a greater percentage of lot to be left unoccupied, or imposed other higher standards than are required by the regulations made under authority of this chapter, such statute, local ordinance or regulation shall govern.

(39 Del. Laws, c. 22, § 10; Code 1935, § 6236; 22 Del. C. 1953, § 307.)

§ 308 Enforcement.

In case any building or structure is erected, constructed, reconstructed, altered, repaired, converted or maintained or any building, structure or land is used in violation of this chapter or of any ordinance or other regulation made under authority conferred thereby, the proper local authorities of the municipality, in addition to other remedies, may institute any appropriate action or proceeding to prevent such unlawful erection, construction, reconstruction, alteration, repair, conversion, maintenance or use to restrain, correct or abate such violation, to prevent the occupancy of the building, structure or land or to prevent any illegal act, conduct, business or use in or about such premises.

(39 Del. Laws, c. 22, § 9; Code 1935, § 6235; 22 Del. C. 1953, § 308.)

(b) For the purposes of this section, the term “persons with disabilities” includes any persons with a handicap or disability as those terms are defined in the Delaware Fair Housing Act Chapter 46 of Title 6.

(62 Del. Laws, c. 390, § 4; 74 Del. Laws, c. 149, §§ 9-11.)

§ 310 Transfer of development rights; receiving zones.

For any or all the purposes provided in § 301 of this title, the legislative body of the municipality is expressly granted the authority to develop and adopt regulations governing the transfer of development rights from identified districts, zones or parcels from any unincorporated area in any county to districts, zones, or parcels designated to receive such development rights, and to enter into agreements with counties for such purposes. Whenever a municipality exercises its authority to provide for the receipt of development rights it shall:

(1) Have adopted a comprehensive plan as required by this chapter and conform thereto;

(2) Provide for the transfer of development rights as an option to the use and development of the subject property according to the otherwise applicable zoning requirements;

(3) Limit designation of receiving areas to locations where the municipality has determined that growth should be encouraged and where a transfer of development rights would not result in the inability of either existing or planned public facilities which serve the area to accommodate such growth;

(4) Demonstrate that the creation and regulation of receiving districts are otherwise consistent with promotion of the policies expressed by the comprehensive plans of the municipality and the statewide planning goals and objectives established pursuant to Chapter 91 of Title 29; and

(5) Provide for appropriate incentives for the transfer of development rights, including bonuses for the use of transferred development rights and intergovernmental agreements with counties which would permit the transfer and use of development rights between counties and municipalities.

(72 Del. Laws, c. 122, § 5.)

§ 311 Emergency Communication Systems.

The zoning ordinance and regulations adopted pursuant to this chapter shall provide that newly constructed buildings of 25,000 square feet of gross floor area or more, shall be designed, constructed and/or equipped in accordance with the provisions set forth in § 2616 of Title 9.

(76 Del. Laws, c. 181, § 4.)

§ 312 Complete Community Enterprise Districts.

For any or all of the purposes provided in § 301 of this title, the legislative body of a municipality may amend its zoning regulations for parcels of land as part of a Complete Community Enterprise District established in §§ 2103 and 2104 of Title 2. However, no such regulations shall become effective until after a public hearing in relation thereto, at which parties in interest and citizens shall have an opportunity to be heard. At least 60-days’ notice of the time and place of such hearing shall be published in an official paper or a paper of general circulation in such municipality.

(80 Del. Laws, c. 224, § 5.)

Subchapter II Boards of Adjustment

§ 321 Creation and powers.

The legislative body of cities or incorporated towns shall provide for the appointment of a board to be known as the board of adjustment and in the rules and regulations adopted pursuant to the authority of this chapter shall provide that the board may, in appropriate cases and subject to appropriate conditions and safeguards, make special exceptions to the terms of the ordinance in harmony with its general purpose and intent and in accordance with general or specific rules therein contained.

(39 Del. Laws, c. 22, § 8; Code 1935, § 6234; 22 Del. C. 1953, § 321.)

§ 322 Composition; terms of office.

- (1) The chief engineer of the street and sewer department, the public works commissioner, or the city manager.
- (2) The city solicitor.

If the city or incorporated town has no city engineer or public works commissioner, or city solicitor, then the mayor or chief executive of such city or town shall appoint 2 members, each to be appointed for a term of 3 years and removable for cause by the appointing authority upon written charges and after public hearing, who, with the presiding officer of the zoning commission, shall constitute the board of adjustment for such city or town. Vacancies shall be filled for the unexpired term of any member whose term becomes vacant.

(b) In cities or incorporated towns having heretofore or hereafter adopted a home rule charter pursuant to Chapter 8 of this title, the legislative body thereof may establish a board of adjustment consisting of 5 members who shall be residents of the city or incorporated town and who shall have knowledge of and experience in the problems of urban or suburban or rural development, and who, at the time of appointment, shall not be candidates-elect for or incumbents of an elective public office. The mayor or chief executive officer of such city or incorporated town, with consent of the legislative body thereof, shall appoint 4 members for terms of 4 years, provided that the terms of the original members shall be established in a manner that 1 shall expire each year. The mayor or chief executive officer of such city or incorporated town, with the consent of the legislative body thereof, shall appoint 1 member who shall be chairperson and who shall serve at the pleasure of that appointing official. The members shall be entitled to compensation as determined by the city or incorporated town.

(c) In the event that a city or incorporated town qualifying under subsection (b) of this section fails to establish a board of adjustment as permitted in subsection (b) of this section, the board of adjustment shall consist of those persons designated in subsection (a) of this section.

(d) (1) Anything heretofore in this section to the contrary notwithstanding, any city or town, by its legislative body, may establish a board of adjustment consisting of not less than 3 nor more than 5 members who shall be residents of the city or town and who shall have knowledge of the problems of urban or suburban or rural development and who, at the time of appointment and throughout the term of office, shall not be candidates nor members of the legislative body nor employees of the city or town. The board of adjustment so selected shall elect from among their own number a chairperson and a secretary.

(3) Any member of the board of adjustment may be removed from office by the legislative body for cause after a hearing by a majority vote of all the elected members of the legislative body of such city or town. municipality affected by any decision of the administrative officer. Such appeal shall be taken within a reasonable time as provided by the rules of the board by filing with the officer from whom the appeal is taken and with the board a notice of appeal specifying the grounds thereof. (39 Del. Laws, c. 22, § 8; Code 1935, § 6234; 22 Del. C. 1953, § 324.)

§ 325 Stay of proceedings.

An appeal stays all proceedings in furtherance of the action appealed from, unless the officer from whom the appeal is taken certifies to the board of adjustment after the notice of appeal has been filed with the officer that, by reason of facts stated in the certificate, a stay would in the officer's opinion cause imminent peril to life or property. In such case proceedings shall not be stayed otherwise than by a restraining order which may be granted by the board or by a court having jurisdiction on application on notice to the officer from whom the appeal is taken and on due cause shown.

(2) Hear and decide special exceptions to the terms of the ordinance upon which the board is required to pass under such ordinance;

(3) Authorize, in specific cases, such variance from any zoning ordinance, code or regulation that will not be contrary to the public interest, where, owing to special conditions or exceptional situations, a literal interpretation of any zoning ordinances, code or regulation will result in unnecessary hardship or exceptional practical difficulties to the owner of property so that the spirit of the ordinance, code or regulation shall be observed and substantial justice done, provided such relief may be granted without substantial detriment to the public good and without substantially impairing the intent and purpose of any zoning ordinance, code, regulation or map; provided, however, that notwithstanding any provision of law to the contrary, the legislative body of any city or incorporated town may, by ordinance, vest a designated town official or department with authority to administratively grant a dimensional variance for existing conditions that do not exceed 1 foot of the required dimension restrictions without the application being considered by the board of adjustment, subject to the standards, procedures and conditions set forth in the ordinance granting such authority.

(b) In exercising the powers provided in subsection (a) of this section the board may, in conformity with this chapter, reverse or affirm, wholly or partly, or may modify the order, requirement, decision or determination appealed from and may make such order, requirement, decision or determination as ought to be made, and to that end shall have all the powers of the officer from whom the appeal is taken.

(a) Any person or persons, jointly or severally aggrieved by any decision of the board of adjustment, or any taxpayer or any officer, department, board or bureau of the municipality may present to the Superior Court a petition, duly verified, setting forth that such decision is illegal, in whole or in part, specifying the grounds of the illegality. Such petition shall be presented to the Court within 30 days after the filing of the decision in the office of the board.

(b) Upon the presentation of the petition, the Court may allow a writ of certiorari directed to the board to review such decision of the board and shall prescribe therein the time within which a return thereto must be made and served upon the relator's attorney, which shall not be less than 10 days and may be extended by the Court. The allowance of the writ shall not stay proceedings upon the decision appealed from, but the Court may, on application, on notice to the board and on due cause shown, grant a restraining order.

(c) The Court may reverse or affirm, wholly or partly, or may modify the decision brought up for review.

(39 Del. Laws, c. 22, § 8; Code 1935, § 6234; 22 Del. C. 1953, § 328.)

(39 Del. Laws, c. 22, § 8; Code 1935, § 6234; 22 Del. C. 1953, § 329.)

§ 330 Hearing on appeal.

If, upon the hearing, it shall appear to the court that testimony is necessary for the proper disposition of the matter, it may take evidence or appoint a referee to take such evidence as it may direct and report the same to the court with findings of fact and conclusions of law, which shall constitute a part of the proceedings upon which the determination of the court shall be made.

(39 Del. Laws, c. 22, § 8; Code 1935, § 6234; 22 Del. C. 1953, § 330; 70 Del. Laws, c. 186, § 1.)

§ 331 Record on appeal.

The board of adjustment shall not be required to return the original papers acted upon by it, but it shall be sufficient to return certified or sworn copies thereof or of such portions thereof as may be called for by the writ. The return shall concisely set forth such other facts as may be pertinent and material to show the grounds of the decision appealed from and shall be verified. The cost of a transcript of the hearing appealed from is the responsibility of the person appealing the decision, unless the cost is awarded against the board as provided in § 332 of this title.

(39 Del. Laws, c. 22, § 8; Code 1935, § 6234; 22 Del. C. 1953, § 331; 73 Del. Laws, c. 38, § 1.)

§ 332 Costs on appeal.

Costs shall not be allowed against the board of adjustment, unless it appears to the Court that it acted with gross negligence, in bad faith or with malice in making the decision appealed from. For purposes of this section, the word “costs” includes all fees paid or owed to the Prothonotary’s Office in connection with the appeal to the Superior Court and all documented out-of-pocket expenses incurred by the board of adjustment in preparing, filing and serving sufficient copies of the record of the proceedings appealed from, including but not limited to expenses for photocopying, copying and/or duplication of survey drawings or plots, audio tape recordings, video tape recordings, computer discs, and expenses for preparing the transcript of the hearing.

Chapter 5

PARKING AUTHORITIES

§ 501 Findings and declaration of policy.

It is determined and declared as a matter of legislative finding that:

- (1) Residential decentralization in incorporated cities has been accompanied by an ever increasing trend in the number of persons entering the business sections by private automobile as compared with other modes of transportation;
 - (2) The free circulation of traffic of all kinds through the streets of cities is necessary to the health, safety and general welfare of the public whether residing in the city or traveling to, through or from the city in the course of lawful pursuits;
 - (3) The greatly increased use by the public of motor vehicles of all kinds has caused serious traffic congestion on the streets of cities;
 - (4) The parking of motor vehicles on the streets has contributed to this congestion to such an extent as to interfere seriously with the primary use of such streets for the movement of traffic;
 - (5) Such parking prevents the free circulation of traffic in, through and from the city, impedes rapid and effective fighting of fires and the disposition of police forces in the district and endangers the health, safety and welfare of the general public;
 - (6) Such parking threatens irreparable loss in valuations of property in the city which can no longer be readily reached by vehicular traffic;
 - (7) This parking crisis, which threatens the welfare of the community, can be reduced by providing sufficient off-street parking facilities properly located in the several residential, commercial and industrial areas of the city;
 - (8) The establishment of a parking authority will promote the public safety, convenience and welfare;
 - (9) The utilization of street level space for parking garages within a city's central business district reduces the available space for retail and other commercial uses, thereby interfering with the growth and development of the central business district;
 - (10) It is intended that the parking authority cooperate with all existing and future public and private parking facilities so that private enterprise and government may mutually provide adequate parking services for the convenience of the public;
- therefore it is declared to be the policy of this State to promote the safety and welfare of the inhabitants thereof by the creation in incorporated cities of bodies corporate and politic to be known as "parking authorities" which shall exist and operate for the purposes contained in this chapter. Such purposes are declared to be public uses for which public money may be spent and private property may be acquired by the exercise of the power of eminent domain.

(48 Del. Laws, c. 369, § 2; 22 Del. C. 1953, § 501; 73 Del. Laws, c. 377, § 1; 80 Del. Laws, c. 324, § 1.)

§ 503 Method of incorporation.

(a) Whenever the city council or other governing body of a city desires to organize an authority, under this chapter, it shall adopt an ordinance signifying its intention to do so.

In the event that such ordinance sets forth the proposed articles of incorporation in full it shall not be required, any law to the contrary notwithstanding, in publishing such ordinance, under existing law, to publish such proposed articles of incorporation in full, but it shall be sufficient compliance with such law in such publication to set forth briefly the substances of such proposed articles of incorporation and to refer to this chapter. Thereafter the city council shall cause a notice of such ordinance to be published at least 1 time in a newspaper published and of general circulation in the county in which the authority is to be organized. The notice shall contain a brief statement of the substance of the ordinance, including the substance of such articles, making reference to this chapter and shall state that on a day certain, not less than 3 days after publication of the notice, articles of incorporation of the proposed authority will be filed with the Secretary of State of this State.

(b) On or before the day specified in the notice the city council shall file with the Secretary of State articles of incorporation together with proof of publication of the notice referred to in subsection (a) of this section. The articles of incorporation shall set forth:

- (4) The names, addresses and term of office of the first members of the board of the authority.

All of which matter shall be determined in accordance with this chapter. The articles of incorporation shall be executed by the incorporating city by its proper officer and under its municipal seal.

(c) If the Secretary of State finds that the articles of incorporation conform to law the Secretary shall forthwith, but not prior to the day specified in the notice, endorse approval thereon, and when all proper fees and charges have been paid shall file the articles and issue a certificate of incorporation to which shall be attached a copy of the approved articles. Upon the issuance of such certificate of incorporation by the Secretary of State, the corporate existence of the authority shall begin when such certificate has been recorded in the office for the recording of deeds in the county where the principal office of the authority is to be located. The certificate of incorporation shall be conclusive evidence of the fact that such authority has been incorporated, but proceedings may be instituted by the State to dissolve any authority which shall have been formed without substantial compliance with this section.

(d) When the authority has been organized and its officers elected, the secretary shall certify to the Secretary of State the names and addresses of its officers, as well as the principal office of the authority. Any change in the location of the principal office shall likewise be certified to the Secretary of State within 10 days after such change. Any change in the numerical composition of the board shall likewise be certified to the Secretary of State within 10 days after such change.

(48 Del. Laws, c. 369, § 4; 22 Del. C. 1953, § 503; 68 Del. Laws, c. 273, § 5; 70 Del. Laws, c. 186, § 1.)

§ 504 Purpose and powers.

(a) The authority, incorporated under this chapter, shall constitute a public body corporate and politic, exercising public powers of the State as an agency thereof and shall be known as the parking authority of the city, but shall in no way be deemed to be in instrumentality of the city or engaged in the performance of a municipal function. The authority shall be for the purpose of conducting the necessary research activity, to maintain current data leading to efficient operation of off-street parking facilities, for the fulfillment of public needs in relation to parking, establishing a permanent coordinated system of parking facilities, and, either independently or in conjunction with private persons and entities, planning, designing, locating, acquiring, holding, constructing, improving, maintaining and operating, owning or leasing, either in the capacity or lessor or lessee, land and facilities to be devoted to the parking of vehicles of any kind.

The authority shall not directly engage in the sale of gasoline, the sale of automobile accessories, automobile repair and service or any other garage service, other than the parking of vehicles, and the authority shall not directly engage in the sale of any commodity of trade or commerce; provided, however, that the authority may lease space in any of its facilities for use by the lessee for the sale of gasoline, the sale of automobile accessories, automobile repair and service or any other garage service and may lease portions of any of its garage buildings or structures for commercial use by the lessee, where, in the opinion of the authority, such leasing is necessary and feasible for the financing and operation of such facilities, and, provided further, where, in the opinion of the authority, the space above any parking facility is not needed for parking, the authority may lease the right to occupy and use the space above any parking facility for commercial uses other than parking, together with the right to use and occupy such space within the parking facility as may be necessary for the purposes of access to and support of structures occupying the space above such parking facility and, provided further, the authority may lease up to 5 percent, or such other amended percentage under federal law that would permit the issuance of tax free revenue bonds for financing of construction, of the total square footage of any of its garage buildings or structures located within a city's central business district for commercial use that is accessible from the level of the street adjoining the buildings or structures. Any such lease shall be granted by the authority to the highest and best bidder, upon terms specified by the authority, after due public notice has been given asking for competitive bids; provided, however, that if after such public notice no bid is received and/or the authority rejects any bid or bids received, thereafter the authority may negotiate any such lease or leases without further public notice but on a basis more favorable than that contained in any bid or bids rejected, if any. The phrase "due public notice", as used in this section, shall mean a notice published at least 10 days before the award of any such lease in a newspaper of general circulation published in a municipality where the authority has its principal office, and, if no newspaper is published therein, then by publication in a newspaper of general circulation in the county where

the authority has its principal office. The authority may reject any or all bids if, in the opinion of the authority, any such lease granted as a result of any such bid or bids would not be adequate or feasible for the financing and operation of such facilities.

(b) Every authority may exercise all powers necessary or convenient for the carrying out of the aforesaid purposes including, but without limiting the generality of the foregoing, the rights and powers described below:

- (1) To have existence as a corporation in perpetuity unless the articles of incorporation limit the duration of the corporation's existence to a specified date. If the articles of incorporation limit the corporation's existence to a specific date, the corporation's existence shall continue thereafter until the principal and interest upon all of its bonds shall have been paid or provisions made for such payment and until all of its other obligations shall have been discharged;
 - (2) To sue and be sued, implead and be impleaded, complain and defend in all courts;
 - (3) To adopt, use and alter at will a corporate seal;
 - (4) To acquire, purchase, hold, lease as lessee, and use any franchise, property, real, personal or mixed, tangible or intangible, or any interest therein, necessary or desirable for carrying out the purpose of the authority and to sell, lease or lessor, transfer and dispose of any property or interest therein at any time required by it;
 - (5) To acquire by purchase, lease or otherwise and to construct, improve, maintain, repair and operate projects;
 - (6) To make bylaws for the management and regulation of its affairs;
 - (7) To appoint officers, agents, employees and servants, to prescribe their duties and to fix their compensation;
 - (8) To fix, alter, charge and collect rates and other charges for its facilities at reasonable rates to be determined exclusively by it, subject to appeal as provided in this paragraph, for the purposes of providing for the payment of the expenses of the authority, the construction, improvement, repair, maintenance and operation of its facilities and properties, the payment of the principal of and interest on its obligations, and to fulfill the terms and provisions of any agreements made with the purchasers or holders of any such obligations or with the city. Any person questioning the reasonableness of any rate fixed by the authority may bring suit against the authority in the Superior Court of the county wherein the project is located. The Superior Court shall have exclusive jurisdiction to determine the reasonableness of rates and other charges fixed, altered, charged or collected by the authority. Appeals may be taken to the Supreme Court within 30 days after the Superior Court has rendered a final decision;
 - (9) To borrow money, make and issue negotiable notes, bonds, refunding bonds and other evidences of indebtedness or obligations of the authority, the bonds to have a maturity date not longer than 40 years from the date of issue, except that no refunding bonds shall have a maturity date longer than the life of the authority, and to secure the payment of such bonds or any part thereof by pledge or deed of trust of all or any of its revenues and receipts, and to make such agreements with the purchasers or holders of such bonds, or with others in connection with any such bonds, whether issued or to be issued, as the authority deems advisable, and in general to provide for the security for the bonds and the rights of the holders thereof;
 - (10) To make contracts of every name and nature and to execute all instruments necessary or convenient for the carrying on of its business;
 - (11) Without limitation of the foregoing to borrow money and accept grants from and to enter into contracts, leases or other transactions with any federal agency, the State, municipality, corporation or authority;
 - (12) To have the power of eminent domain;
 - (13) To pledge, hypothecate or otherwise encumber all or any of the revenues or receipts of the authority as security for all or any of the obligations of the authority;
 - (14) To do all acts and things necessary for the promotion of its business and the general welfare of the authority to carry out the powers granted to it by this chapter or any other law;
 - (15) To enter into contracts with the State, municipalities, corporations or authorities for the use of any project of the authority and fixing the amount to be paid therefor;
 - (16) To enter into contracts of group insurance for the benefit of its employees and to set up a retirement or pension fund for such employees similar to that existing in the municipality where the principal office of the project is located;
 - (17) To make contracts with municipalities concerning the use of the space above municipal streets and sidewalks;
 - (18) To execute mortgages covering its lands and buildings, including construction mortgages, as may be necessary or desirable in the carrying out of its business; provided, however, that in the event of a default by the authority which results in title to a parking facility passing to a private mortgagee or person, all tax exemption privileges or other special privileges accorded to the parking facility because of its public nature shall cease, except exemption from taxation of bonds, the interest thereon or the income therefrom;
 - (19) To acquire, hold and dispose of interests in corporations, partnerships, limited partnerships, limited liability companies, and other business enterprises either independently or in conjunction with private persons and entities for the purpose of carrying out the powers granted to it by this chapter or any other law.
- (c) The authority shall not at any time or in any manner pledge the credit or taxing power of this State, nor shall any of its obligations be deemed to be obligations of this State, nor shall this State be liable for the payment of principal or of interest on such obligations.
- (d) In addition to this chapter providing for the financing of the costs of acquiring lands and premises and for the construction and improvement of parking projects, the authority may by resolution, as provided in this subsection, establish a benefit district.
- (1) One benefit district may be designated for the condemnation of lands for 1 or several parking stations. The authority shall

determine the percentage of the costs of condemnation which shall be assessable to such benefit district. Not more than 80 percent of such costs shall be assessable to such benefit district or benefit districts.

(2) After a benefit district has been established, no further proceedings shall be taken unless there is filed with the secretary of the authority, within 60 days of the passage of the resolution creating the benefit district, a petition requesting the establishment of such public parking station or stations. Such petition shall be signed by the resident owners of real estate owning not less than 51 percent of the front feet of the real estate fronting or abutting upon any street included within the limits of the benefit district. In determining the sufficiency of the petition, lands owned by the city, county, State or United States or by nonresident owners of real estate within the benefit district shall not be counted in the aggregate of lands within such benefit district. After any petition has been signed by an owner of land in the benefit district, the change of ownership of the land shall not affect the petition. In any case where the owners of lands within the benefit district are tenants in common, each cotenant shall be considered a landowner to the extent of the cotenant's undivided interest in the land. The owner of a life estate shall also be deemed a landowner for the purpose of this chapter. Guardians of minors or insane persons may petition for their wards when authorized by the proper court so to do. Resident owner of land, as defined in this paragraph, shall be any landowner residing in the city and owning land in the benefit district. No suit shall be maintained in any court to enjoin or in any way contest the establishment of such parking stations or the establishment of a benefit district unless the suit be instituted and summons served within 30 days from and after the date of the filing of such petition with the secretary of the authority.

(3) Whenever the authority shall have acquired lands for public parking stations and shall have declared and ordered that not more than 80 percent of the cost of establishing or improving public parking stations, as provided in this subsection, will be paid by the levy of special assessments upon real estate situate in any 1 or more benefit districts, it shall cause to be made by some competent person an estimate, under oath, of the cost thereof, which estimate shall be filed with the secretary of the authority. The assessment against the benefit district shall be apportioned among the various lots, tracts, pieces and parcels of land within the benefit district in accordance with the special benefits accruing thereto, this apportionment of benefit assessments to be made by 3 disinterested property owners appointed by the mayor of the city or if such city has no mayor, by its chief executive officer within 30 days after the filing of the estimate of the cost of the improvement with the secretary of the authority. As soon as the amount chargeable against each piece of property is ascertained, the authority of such city shall by resolution levy such amount against this real estate in the benefit district, which resolution shall be published once in a newspaper of general circulation in such city. No suit to question the validity of the proceedings of the authority shall be commenced after 30 days from the awarding of a contract for such improvements and until the expiration of the 30 days the contractor shall not be required to commence work under the contract. If no suit shall be filed within such 30 days then all proceedings theretofore had shall be held to be regular, sufficient and valid.

(4) The cost of condemnation and improvement of such public parking stations may be levied and assessed in not to exceed 10 installments, with interest on the whole amount remaining due and unpaid each year at a rate of interest not exceeding 5 percent per annum. Any owner of land within the benefit district may, within 30 days after the assessment resolution is passed, pay the entire amount assessed against the land. The authority of such city may assess, levy and collect the cost of condemnation and improvement of such public parking stations as is assessed against the privately owned property in the benefit district. The assessment shall constitute a lien from the date the same is assessed by resolution, as provided in this paragraph, against the respective premises against which the same is levied, in the same manner as city taxes on real estate are constituted a lien, and shall be collectible in the manner provided for the collection of taxes assessed against the real estate of the City of Wilmington by monition process, as provided in Chapter 143, Volume 36, Laws of Delaware.

(e) When any real property or any interest therein heretofore or hereafter acquired by the authority is no longer needed for the purposes defined in this chapter or when, in the opinion of the authority, it is not desirable or feasible to hold and use such property for said purposes, the authority may sell the same at private or public sale as the authority shall determine, granting and conveying to the purchaser thereof a fee simple marketable title thereto. The authority may make such sale for such price and upon such terms and conditions as the authority deems advisable and for the best interests of the authority and may accept in payment, wholly or partly, cash, bonds, mortgages, debentures, notes, warrants or other evidences of indebtedness as the authority may approve. The consideration received from any such sale may be applied by the authority, in its discretion, to the repayment, in whole or in part, of any funds contributed to the authority by a municipality under § 508 of this title or retained by the authority for the purposes of this chapter. Without limitation of the foregoing, the authority may accept as consideration in whole or in part for the sale of any such real property, a covenant, agreement or undertaking on the part of any purchaser to provide and maintain off-street parking facilities on such property or a portion thereof for the fulfillment of public parking needs for such period and under such terms and conditions as the authority shall determine. Any such covenant, agreement or undertaking on the part of the purchaser as aforesaid and the right of the authority to fix and alter rates to be charged for any such parking facilities, as well as the right of appeal as in this section provided, shall be set forth and reserved in the deed or deeds of conveyance. Any such covenant, agreement or undertaking may be enforced by the authority in an action for specific performance brought in the Court of Chancery of this State.

§ 505 Bonds.

(a) The bonds of any authority referred to and authorized to be issued by this chapter shall be authorized by resolution of the board thereof, and shall be of such series, bear such date or dates, mature at such time or times not exceeding 40 years from their respective dates, bear interest at such rate or rates, payable semiannually, be in such denominations, be in such form, either coupon or fully registered, without coupons, carry such registration, exchangeability and interchangeability privileges, be payable in such medium or payment and at such place or places, be subject to such terms of redemption, not exceeding 105 percent of the principal amount thereof, and be entitled to such priorities in the revenues or receipts of such authority, as such resolution or resolutions may provide. The bonds shall be signed by such officers as the authority shall determine, and coupon bonds shall have attached thereto interest coupons bearing the facsimile signature of the treasurer of the authority, all as may be prescribed in such resolution or resolutions. Any such bonds may be issued and delivered notwithstanding that 1 or more of the officers signing such bonds or the treasurer whose facsimile signature shall be upon the coupon or any officer thereof shall have ceased to be such officer or officers at the time when such bonds shall actually be delivered.

The bonds may be sold at public or private sale for such price or prices as the authority shall determine. Pending the preparation of the definitive bonds, interim receipts may be issued to the purchaser or purchasers of such bonds and may contain such terms and conditions as the authority may determine.

(b) Any resolution or resolutions authorizing any bonds may contain provisions which shall be part of the contract with the holders thereof as to:

- (1) Pledging the full faith and credit of the authority or of the municipality for such obligations or restricting the same to all or any of the revenues of the authority from all or any projects or properties;
- (2) The construction, improvement, operation, extension, enlargement, maintenance and repair of the project and the duties of the authority with reference thereto;
- (3) The terms and provisions of the bonds;
- (4) Limitations on the purposes to which the proceeds of the bonds then or thereafter to be issued or of any loan or grant by the United States may be applied;
- (5) The rate of tolls and other charges for use of the facilities of or for the services rendered by the authority;
- (6) The setting aside of reserves or sinking funds and the regulation and disposition thereof;
- (7) Limitations on the issuance of additional bonds;
- (8) The terms and provisions of any deed of trust or indenture securing the bonds or under which the same may be issued; and
- (9) Any other additional agreements with the holders of the bonds.

(c) Any authority may enter into any deeds of trust, indentures or other agreements with any bank or trust company or other person or persons in the United States having power to enter into the same, including any federal agency, as security for such bonds, and may assign and pledge all or any of the revenues or receipts of the authority thereunder. Such deed of trust, indenture or other agreement may contain such provisions as may be customary in such instruments or as the authority may authorize, including provisions as to:

- (1) The construction, improvement, operation, maintenance and repair of any project and the duties of the authority with reference thereto;
- (2) The application of funds and the safeguarding of funds on hand or on deposit;
- (3) The rights and remedies of the trustee and holders of the bonds which may include restrictions upon the individual right of action of such bondholder; and
- (4) The terms and provisions of the bonds or the resolutions authorizing the issuance of the same.

(d) The bonds shall have all the qualities of negotiable instruments under the law merchant and the Uniform Commercial Code of the State.

(48 Del. Laws, c. 369, § 6; 22 Del. C. 1953, § 505; 57 Del. Laws, c. 625, §§ 1-3.)

§ 506 Remedies of bondholders.

(a) The rights and the remedies conferred upon or granted to the bondholders in this section shall be in addition to and not in limitation of any rights and remedies lawfully granted to such bondholders by the resolution or resolutions providing for the issuance of bonds or by any deed of trust, indenture or other agreement under which the same may be issued. In the event that the authority shall default in the payment of principal of or interest on any of the bonds after the principal or interest shall become due, whether at maturity or upon call for redemption, and such default shall continue for a period of 30 days, or in the event that the authority shall fail or refuse to comply with this chapter or shall default in any agreement made with the holders of the bonds, the holders of 25 percent in aggregate principal amount of the bonds then outstanding by instrument or instruments filed in the office of the recorder of deeds of the county, and proved or acknowledged in the same manner as a deed to be recorded, may appoint a trustee to represent the bondholders for the purpose provided in this section.

(b) Such trustee and any trustee under any deed of trust, indenture or other agreement may, and, upon written request of the holders of 25 percent or such other percentages as may be specified in any deed of trust, indenture or other agreement, in principal amount of the bonds then outstanding, shall, in the trustee's own name:

- (1) By mandamus or other suit, action or proceeding at law or in equity enforce all rights of the bondholders, including the right to require the authority to collect rates, rentals or other charges adequate to carry out any agreement as to or pledge of the revenues or receipts of the authority, and to require the authority to carry out any other agreements with or for the benefit of the bondholders, and to perform its and their duties under this chapter;

(2) Bring suit upon the bonds;

(3) By action or suit in equity require the authority to account as if it were the trustee of an express trust for the bondholders;

(4) By action or suit in equity enjoin any acts or things which may be unlawful or in violation of the rights of the bondholders;

(5) By notice in writing to the authority declare all bonds due and payable, and, if all defaults shall be made good, then with the consent of the holders of 25 percent or such other percentage as may be specified in any deed of trust, indenture or other agreement, of the principal amount of the bonds then outstanding, to annul such declaration and its consequences.

(c) The Court of Chancery in and for the county wherein the authority is located shall have jurisdiction of any suit, action or proceedings by the trustee on behalf of the bondholders. Any trustee when appointed or acting under a deed of trust, indenture or other agreement, and whether or not all bonds have been declared due and payable, shall be entitled as of right to the appointment of a receiver, who may enter and take possession of the facilities of the authority or any part or parts thereof, the revenues or receipts from which are or may be applicable to the payment of the bonds in default and operate and maintain the same and collect and receive all rentals and other revenues thereafter arising therefrom, in the same manner as the authority or the board might do, and shall deposit all such moneys in a separate account and apply the same in such manner as the Court shall direct. In any suit, action or proceeding by the trustee the fees, counsel fees and expenses of the trustee and of the receiver, if any, and all costs and disbursements allowed by the Court shall be a first charge on any revenues and receipts derived from the facilities of the authority, the revenues or receipts from which are or may be applicable to the payment of the bonds in default. The trustee shall, in addition to the foregoing, have and possess all of the powers necessary or appropriate for the exercise of any functions specifically set forth in this section or incident to the general representation of the bondholders in the enforcement and protection of their rights.

(d) Nothing in this section or any other section of this chapter shall authorize any receiver appointed pursuant to this chapter for the purpose of operating and maintaining any facilities of the authority to sell, assign, mortgage or otherwise dispose of any of the assets of whatever kind and character belonging to the authority. It is the intention of this chapter to limit the powers of such receiver to the operation and maintenance of the facilities of the authority as the Court shall direct, and no holder of bonds of the authority nor any trustee shall ever have the right in any suit, action or proceedings at law or in equity to compel a receiver, nor shall any receiver ever be authorized or any court be empowered to direct the receiver, to sell, assign, mortgage or otherwise dispose of any assets of whatever kind or character belonging to the authority.

(48 Del. Laws, c. 369, § 7; 22 Del. C. 1953, § 506; 70 Del. Laws, c. 186, § 1.)

§ 507 Governing body.

(a) The powers of each authority shall be exercised by a board composed of not less than 5 nor more than 7 members, all of whom shall be residents or business owners within the city creating the authority. In municipalities with population greater than 50,000, however, the powers of each authority shall be exercised by a board composed of 5 members, all of whom shall be residents of the city creating the authority. The mayor of the city, or if such city or town has no mayor, its chief executive officer, shall appoint the members of the board, 1 of whom shall serve for 1 year, 1 for 2 years, 1 for 3 years, 1 for 4 years, and 1 for 5 years from July 1 in the year in which such authority is created as provided in this chapter. If the board is composed of 6 members, initially 2 rather than 1 shall be appointed for 2-year terms and if the board is composed of 7 members, initially 2 rather than 1 shall be appointed for both 2-year terms and 3-year terms. Thereafter the mayor shall not sooner than 60 days, nor later than 30 days prior to July 1 in each year in which a vacancy occurs, appoint a member of the board for a term of 5 years to succeed the member whose term expires on July 1 next succeeding. Vacancies for unexpired terms that occur more than 60 days before the end of a term shall be promptly filled by appointment by the mayor. All such appointments shall be subject to the confirmation of the city council or other governing body of the city. Any member of the board may be removed for cause by the mayor, or if such city or town has no mayor, by its chief executive officer, with the concurrence of two thirds of all the members of the council or other governing body of the city or town, and the person against whom such charges are made shall be given a reasonable opportunity to make a defense.

(b) Members shall hold office until their successors have been appointed and may succeed themselves. A member shall receive no compensation for services, but shall be entitled to the necessary expenses, including traveling expenses, incurred in the discharge of duties.

(c) The members of the board shall select from among themselves a chairperson, a vice chairperson and such other officers as the board may determine. The board may employ a secretary, an executive director, its own counsel and legal staff and such technical experts and such other agents and employees, permanent or temporary, as it may require and may determine the qualifications and fix the compensation of such persons. A majority of the total board membership shall constitute a quorum for its meetings. Members of the board shall not be liable personally on the bonds or other obligations of the authority, and the rights of creditors shall be solely against such authority. The board may delegate to 1 or more of its agents or employees such of its powers as it deems necessary to carry out the purposes of this chapter, subject always to the supervision and control of the board. The board shall have full authority to manage the properties and business of the authority and to prescribe, amend and repeal bylaws, rules and regulations governing the manner in which the business of the authority may be conducted and the powers granted to it may be exercised and embodied.

(48 Del. Laws, c. 369, § 8; 22 Del. C. 1953, § 507; 68 Del. Laws, c. 273, §§ 2-4; 70 Del. Laws, c. 186, § 1.)

§ 508 Acquisition of lands; cost financing by municipality.

The authority may acquire by purchase or eminent domain proceedings either the fee or such rights, title, interest or easement in such

lands as the authority deems necessary for any of the purposes mentioned in this chapter. When acquiring property or property rights the authority shall, in arriving at a fair and reasonable price, consider the fair market value as required by Chapter 61 of Title 10. Relocation shall be paid according to the terms set forth in Chapter 93 of Title 29. The following shall not be taken under the right of eminent domain: Property devoted to a public use, property of a public service company, property used for burial purposes, place of public worship in a municipality whose population is greater than 50,000 people, property used as a facility or facilities for the parking of motor vehicles, unless the total square footage to be utilized for the parking of motor vehicles in the total proposed project which the eminent domain proceedings concern (including square footage that may be provided on levels other than the ground level) shall be at least twice the total square footage being utilized at the time of taking for the parking of motor vehicles in the facility or facilities so taken or in a municipality whose population is 50,000 people or less, property used as a facility or facilities for parking of motor vehicles unless said property has been leased by the municipality or authority and used as a parking facility by said lessee within the preceding 3 years. The right of eminent domain shall be exercised by the authority in the manner provided by Chapter 61 of Title 10.

The right of eminent domain conferred by this section may be exercised only within the city.

Court proceedings necessary to acquire property or property rights for purposes of this chapter shall take precedence over all causes not involving the public interest in all courts to the end that the provision of parking facilities be expedited.

Any municipality establishing an authority under this chapter may, under such terms and conditions as it may deem appropriate, provide for and pay to such authority such sum or sums of money necessary to acquire, in whole or in part, the lands upon which such authority may undertake to erect a parking facility as provided in this section, or such sum or sums of money necessary to acquire or construct, in whole or in part, a parking facility or facilities as provided in this section, or such sum or sums of money necessary to pay operating expenses of the authority and debt service on outstanding bonds of the authority, or to make payments into a reserve fund for the payment of the principal of and interest on indebtedness of the authority as may be provided by any resolution of the authority authorizing the issuance of its revenue bonds or by any trust indenture securing its revenue bonds. The municipality, for the purpose of providing such sum or sums of money, may issue its general obligation bonds secured by the faith and credit of the municipality payable from unlimited ad valorem taxes on all of the real estate in the municipality subject to taxation or levy ad valorem taxes on real estate subject to taxation, unlimited as to rate or amount. In addition to the issuance of its general obligation bonds and levy of taxes as provided above, a municipality may guarantee bonds of the authority issued pursuant to § 505 of this title by pledging its full faith and credit to the payment of the principal of and interest on such revenue bonds. The aggregate amount of general obligation bonds issued by a municipality under this provision and the indebtedness so guaranteed and taxes levied shall be in addition to and not within the limitations of any existing statutory debt or tax limitation of the municipality. Any agreement by the municipality to guarantee the revenue bonds of the authority or to maintain a reserve fund or to pay debt service or operating expenses of the authority may be made a part of any contract with holders of revenue bonds of the authority and may be pledged by the authority to the payment of such revenue bonds. The enforcement or performance of such guaranty may include resort to the power of the municipality to tax real estate subject to taxation, with no limit as to rate or amount, or to any other moneys of the municipality available for such purpose.

(48 Del. Laws, c. 369, § 9; 22 Del. C. 1953, § 508; 49 Del. Laws, c. 2; 50 Del. Laws, c. 221, § 1; 55 Del. Laws, c. 293, § 3; 57 Del. Laws, c. 179, § 2; 57 Del. Laws, c. 625, § 40; 65 Del. Laws, c. 316, § 1; 69 Del. Laws, c. 304, §§ 1, 2.)

§ 509 Moneys; examination of accounts.

All moneys of any authority, from whatever source derived, shall be paid to the treasurer of the authority. The moneys shall be deposited in the first instance by the treasurer in 1 or more banks or trust companies in 1 or more special accounts. The moneys in the accounts shall be paid out on the warrant or other order of the chairperson of the authority or of such other person or persons as the authority may authorize to execute such warrants or orders. Every authority shall have at least an annual examination of its books, accounts and records by a certified public accountant. A copy of such audit shall be delivered to the city creating the authority. A concise financial statement shall be published annually at least once in a newspaper of general circulation in the city where the principal office of the authority is located. If such publication is not made by the authority, the city shall publish such statement at the expense of the authority. If the authority fails to make such an audit, then the auditor or accountant designated by the city may, from time to time, examine, at the expense of the authority, the accounts and books of the authority, including its receipts, disbursements, contracts, leases, sinking funds, investments and any other matters relating to its finances, operation and affairs.

The Attorney General of the State may examine the books, accounts and records of any authority.

(48 Del. Laws, c. 369, § 10; 22 Del. C. 1953, § 509; 70 Del. Laws, c. 186, § 1.)

§ 510 Contracts; competitive bidding.

(a) The procurement of material and the award of contracts for construction, repairs or work of any nature made by any authority shall be subject to Chapter 69 of Title 29.

(b) No member of the Board of the Wilmington Parking Authority shall be entitled to vote on any matter before the Board if such member has a direct or indirect financial interest in the outcome of such matter under review. In the event such a financial interest exists, said member shall disclose to the Board the nature of the interest and said member shall refrain from any discussion, deliberation, action and/or vote by the Board on this matter. In situations in which a member or members do not vote by reason of such financial interest, the matter pending before the Board will be decided on the basis of a majority vote of the remaining members present who do not have a financial interest in the matter. A member or members having a financial interest as set forth herein shall be counted for purposes of

establishing a quorum, provided such member or members are present at the meeting. The disqualification of a member from voting on a matter before the Board by reason of a financial interest therein shall not affect the validity of any action taken by the Board relative to the matter before it.

(c) Subsection (a) of this section shall not apply to the construction of parking facilities intended to serve and be an integral part of a redevelopment project in any municipality where the municipality or its redevelopment agency has designated or selected a developer who is responsible for the overall development of the project including parking facilities. In such case, the authority may negotiate with the developer for the construction and design of public parking facilities on such terms and conditions as the authority may deem justified and in the public interest.

§ 511 Rules and regulations.

The use of the facilities of the authority and the operation of its business shall be subject to the rules and regulations from time to time adopted by the authority. § 512 Continuation of powers.

The State hereby pledges to and agrees with any person, firm or corporation or federal agency subscribing to or acquiring the bonds to be issued by the authority for the construction, extension, improvement or enlargement of any project or part thereof that the State will not limit or alter the rights vested in the authority until all bonds at any time issued, together with the interest thereon, are fully met and discharged. The State further pledges to and agrees with the United States and any other federal agency that, if any federal agency constructs or contributes any funds for the construction, extension, improvement or enlargement of any project or any portion thereof, the State will not alter or limit the rights and powers of the authority in any manner which would be inconsistent with the continued maintenance and operation of the project or the improvement thereof or which would be inconsistent with the due performance of any agreements between the authority and any such federal agency, and the authority shall continue to have and may exercise all powers granted in this chapter, so long as the same shall be necessary or desirable, for the carrying out of the purposes of this chapter and the purposes of the United States in the construction or improvement or enlargement of the project or such portion thereof.

When any authority shall have finally paid and discharged all bonds issued and outstanding and the interest due thereon and settled all other claims which may be outstanding against it, it may convey all its property to the city and terminate its existence. A certificate requesting termination of the existence of the authority shall be filed in the office of the Secretary of State. If the certificate is approved by the city creating the authority by its ordinance or ordinances, the Secretary shall note the termination of existence on the record of incorporation and return the certificate with the Secretary's approval shown thereon to the board, which shall cause the same to be recorded in the office of the recorder of deeds of the county. The effectuation of the authorized purposes of the authorities created under this chapter shall and will be in all respects for the benefit of the residents of incorporated cities for the increase of their commerce and prosperity, since such authorities will be performing essential governmental functions, and for the improvement of their health, safety and living conditions, and, in effectuating such purposes, such authorities shall not be required to pay any taxes or assessments upon any property acquired or used by them for such purposes. In lieu of such taxes or special assessments an authority may agree to make payments to the city or the county or any political subdivision. The bonds issued by any authority, their transfer and the income therefrom, including any profits made on the sale thereof, shall at all times be free from taxation within this State.

(48 Del. Laws, c. 369, § 15; 22 Del. C. 1953, § 514.)

§ 515 Transfer of existing facilities to authority.

(a) Any municipality or owner may sell, lease, lend, grant or convey to any authority any project or any part or parts thereof or any interest in real or personal property which may be used by the authority in the construction, improvement, maintenance or operation of any project. Any municipality may transfer, assign and set over to any authority any contracts which may have been awarded by the municipality for the construction of projects not begun or, if begun, not completed. (b) The authority shall first report to and advise the city by which it was created of the agreement to acquire, including all its terms and

conditions.

The proposed action of the authority and the proposed agreement to acquire shall be approved by the city council. Such approval shall be by $\frac{2}{3}$ vote of all the members of the council.

(c) This section, without reference to any other law, shall be deemed complete for the acquisition by agreement of projects as defined in this chapter located wholly within or partially without the city causing such authority to be incorporated, any provisions of other laws to the contrary notwithstanding, and no proceedings or other action shall be required except as prescribed in this section.

(48 Del. Laws, c. 369, § 16; 22 Del. C. 1953, § 515.)

(b) Any indemnification under this section shall be made only as authorized in the specific case upon a determination that indemnification of the member is proper under the circumstances because the member has met the applicable standard of conduct as set forth in subsection (a) of this section. Such a determination will be made by the Attorney General or the Attorney General's designee within 15 days of the date of receipt of a request for such a determination. Such request shall be filed by the member affected and shall set forth in detail the circumstances supporting the claim for indemnification. In the event the Attorney General fails to make the determination within the time frame specified, the requested indemnification shall be deemed as granted.

(c) Expenses (including attorneys' fees) incurred by a member in defending any civil, criminal, administrative or investigative action, suit or proceeding may be paid by the Authority in advance of the final disposition of such action, suit or proceeding, upon receipt of an undertaking by or on behalf of such member to repay such amount if it shall ultimately be determined that such member is not entitled to be indemnified by the Authority as authorized by this section.

(d) No payment shall be made pursuant to the provisions of this section unless the member seeking such payment shall agree that the State be subrogated, to the extent of any payment, to all rights of recovery of such member, shall agree to execute all papers required and shall do everything that may be necessary to secure such rights including the execution of such documents necessary to enable the State effectively to bring suit in the name of the State.

When a planning commission is first established the members thereof shall be appointed or elected for terms of such length and shall be so arranged that the term of at least 1 member shall expire each year and their successor shall be appointed or elected for terms of 2 to 5 years each. Any member of the planning commission so established in a city may be removed for cause after a public hearing by the mayor with the approval of city council; members of the planning commission elected by town commissioners shall be removed by them for cause after a public hearing by a majority vote. A vacancy occurring otherwise than by expiration of term shall be filled for the unexpired term in a city in the same manner as an original appointment and in a town by the town commissioners. Such a planning commission shall elect annually a chairperson and a secretary from among its own number and may employ experts, clerical and other assistants. It may appoint a custodian of its plan and records who may be the city engineer or town clerk.

The comprehensive plan for municipalities of greater than 2,000 population shall also contain, as appropriate to the size and character of the jurisdiction, a description of the physical, demographic and economic conditions of the jurisdiction; as well as policies, statements, goals and planning components for public and private uses of land, transportation, economic development, affordable housing, community facilities, open spaces and recreation, protection of sensitive areas, community design, adequate water and wastewater systems, protection of historic and cultural resources, annexation and such other elements which in accordance with present and future needs, in the judgment of the municipality, best promotes the health, safety, prosperity and general public welfare of the jurisdiction's residents.

(c) The comprehensive plan shall be the basis for the development of zoning regulations as permitted pursuant to Chapter 3 of this title. Should a jurisdiction exercise its authority to establish municipal zoning regulations pursuant to Chapter 3 of this title, it shall, within 18 months of the adoption of a comprehensive development plan or revision thereof, amend its official zoning map to rezone all lands within the municipality in accordance with the uses of land provided for in the comprehensive development plan.

(d) After a comprehensive plan or portion thereof has been adopted by the municipality in accordance to this chapter, the comprehensive plan shall have the force of law and no development shall be permitted except as consistent with the plan.

(e) At least every 5 years a municipality shall review its adopted comprehensive plan to determine if its provisions are still relevant given changing conditions in the municipality or in the surrounding areas. The adopted comprehensive plan shall be revised, updated and amended as necessary, and readopted at least every 10 years; provided, however, the municipality may request an extension of such date by forwarding an official request to the Cabinet Committee at least 90 days prior to the deadline. The basis for the request shall be clearly indicated. The decision whether to grant a request an extension, and the duration of such extension, shall be at the discretion of the Cabinet Committee.

(f) The comprehensive plan or amendments or revisions thereto shall be submitted to the Office of State Planning Coordination for review at such time as the plan is made available for public review. The plan shall be reviewed in accordance with the comprehensive plan review and certification process detailed in § 9103 of Title 29.

(g) Municipalities shall provide to the Office of State Planning Coordination a report describing implementation of their comprehensive plan and identifying development issues, trends or conditions since the plan was last adopted or amended. The report shall be due annually no later than on each anniversary of the effective date of the most recently adopted comprehensive plan or plan update until January 1, 2012, and annually no later than July 1 each year thereafter starting on July 1, 2012.

After a city or town has adopted an official map under this chapter, no person shall open a way for public use, except as provided under the sections of this chapter, unless the location of such way is in accordance with the official map as it then appears or has been approved by the planning commission established under this chapter, and, in either case, the grading, surfacing and draining of such way have been approved by such commission or by the city or town engineer.

Any city or town having a planning commission established under this chapter may, by ordinance, bylaw or vote, provide for the reference of any other matter or class of matters to the planning commission before final action thereon with or without provision that final action shall not be taken until the planning commission has submitted its report or has had a reasonable fixed time to submit such report. Such planning commission shall have full power to make such investigations, maps and reports and recommendations in connection therewith, relating to any of the subjects referred to under this section, as it deems desirable.

 - (2) “Chief executive officer” means the mayor if such there be or, if there be none, then it means the president of the legislative body of a municipal corporation or, if there be none, then it means the presiding officer of the legislative body of a municipal corporation.
 - (3) “Municipal corporation” includes all cities, towns and villages created before or after December 28, 1961, under any general or special law of this State for general governmental purposes which possess legislative, administrative and police powers for the general exercise of municipal functions and which carry on such functions through a set of elected and other officials.
 - (4) “Qualified voter” means those persons who, under the terms of a municipal charter, shall be authorized to vote in elections within that municipal corporation.
- (22 Del. C. 1953, § 801; 53 Del. Laws, c. 260.)

§ 802 Applicability of chapter; grant of power.

Every municipal corporation in this State containing a population of at least 1,000 persons as shown by the last official federal decennial census may proceed as set forth in this chapter to amend its municipal charter and may, subject to the conditions and limitations imposed by this chapter, amend its charter so as to have and assume all powers which, under the Constitution of this State, it would be competent for the General Assembly to grant by specific enumeration and which are not denied by statute. This grant of power does not include the power to enact private or civil law governing civil relationships except as an incident to an exercise of an independent municipal power, nor does it include power to define and provide for the punishment of a felony.

(22 Del. C. 1953, § 802; 53 Del. Laws, c. 260.)

Subchapter II

Method of Exercising Power

§ 811 Amendment of charter.

The amendment of a charter shall be proposed either by a resolution of the legislative body of a municipal corporation, ³/₄ of all members elected thereto concurring or by a charter commission of 7 members elected by the qualified voters of the municipal corporation from their membership at large pursuant to petition for such an election bearing the signatures of at least 10% of the qualified voters of the municipal corporation and filed with the clerk or other chief recording officer of the legislative body of the municipal corporation. The charter commission candidates who receive the most votes shall constitute the commission. On the death, resignation or inability of any member of a charter commission to serve, the remaining members shall elect a successor. The commission shall have authority to propose the amendment of the charter as specified in the petition, to hold public hearings thereon and to arrange for putting the proposed amendment on the ballot or voting machine to be used at the next referendum election.

The legislative body of the municipal corporation in which the amendment of a charter is proposed by a charter commission may provide by ordinance or resolution for that procedure which it deems necessary to conduct the election of a charter commission and for enabling the charter commission to exercise the functions specified above. The legislative body of the municipal corporation may, if it defaults in the exercise of this authority, be compelled by judicial mandate and at the instance of at least 10 signers of a petition filed under this section to exercise such authority.

In addition to the procedure hereinbefore set forth, a charter may be amended by act of the General Assembly, passed with the concurrence of two thirds of all the members elected to each House thereof.

(22 Del. C. 1953, § 811; 53 Del. Laws, c. 260; 60 Del. Laws, c. 166, § 1.)

§ 812 Publication of proposed charter, charter amendment or repeal proposition and resolution.

At least 30 days before an election thereon, notice shall be given by publication in a newspaper of general circulation within the municipal corporation that copies of a proposed charter, charter amendment or repeal proposition and resolution are on file in the office of the clerk or other chief recording officer of the legislative body of the municipal corporation and that a copy will be furnished by the clerk or other chief recording officer to any qualified voter or taxpayer of the municipal corporation upon request.

(22 Del. C. 1953, § 812; 53 Del. Laws, c. 260; 70 Del. Laws, c. 186, § 1.)

§ 813 Referendum.

(a) *Conduct of election; ballots; expenses.* — On the day and during the hours specified for any referendum, the proposed charter amendment or amendments shall be submitted to the qualified voters of the municipal corporation. The official or officials thereof whose duty it is to arrange for and conduct the regular municipal elections shall perform the same duties so far as relevant to the referendum election on the proposed charter amendment or amendments. The referendum election shall be conducted generally according to the procedures and practices observed for regular municipal elections, except as specifically or necessarily modified by this subchapter. The wording specified in the proposal for a charter amendment or amendments shall be placed on the ballots or voting machines used at the referendum election. The expenses of the referendum election and all necessary or proper expenses of a charter commission shall be defrayed by the municipal corporation.

(b) *Officials to tally and certify results.* — The official or officials charged with the duty to arrange for and conduct the referendum, promptly following the closing of the polls, shall tally the results thereof and shall forthwith certify the results of the referendum to the chief executive officer of the municipal corporation.

(c) *Proclamation of result; effective date of amendment.* — The chief executive of the municipal corporation shall proclaim the result of the referendum within 10 days after receiving certification from the official or officials who tally the vote. If a majority of those who vote on any question submitted to the voters of the municipal corporation shall cast their votes in favor of the proposed charter amendment or amendments, it shall be adopted; provided, however, that no charter amendment so adopted will be effective until the chief executive officer files copies thereof with the Governor, President Pro Tem of the Senate, Speaker of the House, Secretary of State and the Director of the Legislative Reference Bureau, and until the General Assembly shall have been in session 30 calendar days after such filing. During said 30-day period, failure of the General Assembly by statute to negate such charter amendment by a two-thirds majority of all members elected to each House thereof shall be deemed to be an assent by the General Assembly thereto and the charter amendment shall be as effective as if enacted into law by a statute of this State. Neither shall a charter amendment be effective until final adjudication of an action brought for judicial review of charter referendum pursuant to § 820 of this title.

(22 Del. C. 1953, § 813; 53 Del. Laws, c. 260.)

§ 814 Each proposed amendment may be submitted for separate vote.

Alternative restatements of amendments may be submitted and the one receiving the larger vote shall prevail if the amendment otherwise qualifies for adoption.

(22 Del. C. 1953, § 814; 53 Del. Laws, c. 260.)

§ 815 Codification of amendments.

The exact text of any amendment or amendments to the charter of any municipal corporation, adopted as in this chapter specified, shall thereafter be included in any subsequent edition or codification of the charter of the municipal corporation, until altered, modified or repealed by a subsequent amendment or amendments to the charter.

(22 Del. C. 1953, § 815; 53 Del. Laws, c. 260.)

Subchapter III

Judicial Review

§ 820 Judicial review of election.

(a) Not later than 20 days after the result of a referendum has been proclaimed by the chief executive officer of a municipal corporation, any person resident therein may seek judicial review of the election by filing a verified complaint in the Superior Court of the county in which at least part of the municipal corporation is located. The complaint shall allege that the referendum was conducted unlawfully and shall set forth with particularity the unlawful acts which are the basis of the complaint.

(b) Notice of the pendency of an action for judicial review of an election shall be given to the chief executive officer of the municipal corporation, the Governor, President Pro Tem of the Senate, Speaker of the House, Secretary of State and Director of the Legislative Reference Bureau by sending to each a copy of the verified complaint by registered or certified mail on the same date that the action is filed in the Superior Court. Notice mailed to the chief executive officer of the municipal corporation shall not, however, supplant or be a substitute for service of process.

(c) When the verified complaint is filed, the case shall proceed, insofar as possible, as other civil cases in the Superior Court. However, the Superior Court may adopt special rules to govern review under this section. Cases brought under this section shall be accorded the same precedence as civil actions arising under § 3323(a) of Title 19.

(d) The Court's jurisdiction shall be confined solely to the lawfulness of the election. No person shall have standing in law or equity to attack the legality of substantive provisions of a municipal charter amended by referendum until the General Assembly has failed to negate the charter amendment in accordance with § 813(c) of this title nor while an action for review of the referendum is pending.

(e) If, after hearing the evidence, the Court concludes that the referendum was conducted lawfully, the result of the election as proclaimed by the chief executive officer of the municipal corporation shall be affirmed. Otherwise, the election shall be declared a nullity,

§ 841 Residency requirements.

Notwithstanding any charter provision, ordinance or other provision to the contrary, no municipal corporation with a population exceeding 50,000 shall require that, as a condition of continued employment, an employee with at least 5 years of service for the municipality be, become or remain a resident of the municipality during their employment.

(68 Del. Laws, c. 271, § 1; 71 Del. Laws, c. 224, § 1; 75 Del. Laws, c. 22, §§ 1, 2.)

§ 842 School capacity application for municipal corporations.

(a) (1) This section shall apply only to residential development. Prior to recording a residential subdivision plan for over 5 units in size for any lands in any municipality located in a county that utilizes voluntary school assessments as set forth in Title 9 and notwithstanding any home rule or charter provision to the contrary, the applicant shall provide certification from the Secretary of the Department of Education, after consultation with the superintendent of the appropriate individual school district, that the school district has adequate capacity for the proposed development. The Secretary shall respond to any request for certification or voluntary school assessments within 60 days of receipt of a completed request for such certification. That certification shall include the following information:

a. Existing classrooms and service levels based upon the Delaware Department of Education, Delaware School Construction Manual, September 19, 1996, as may be amended or supplemented from time to time, or based upon other standards accepted as accurate by the Secretary of the Department of Education; and

b. Capacity calculations, which shall include the current student population, increased demand resulting from prior certifications from the Department of Education, and the increased demand that will result from the proposed development. The municipality shall, within 20 days, provide the Department of Education with all necessary information regarding the number and type of dwelling units proposed and other information which the Secretary may request.

(2) This subsection shall apply to all new residential subdivision plans over 5 units in size for lands located within or annexed into a municipality located in New Castle County on or after July 1, 1992, and first submitted for review after July 1, 1999.

(3) This subsection shall apply to all new residential subdivision final plans over 5 units in size for lands located within or annexed into a municipality located in Sussex County if such County utilizes voluntary school assessments.

(b) Notwithstanding the foregoing provisions of this section, no certificate of adequate school capacity shall be required where either:

(1) The residential development is restricted by recorded covenants to provide housing or shelter predominantly for individuals 55 years of age or older pursuant to the provisions of the federal Fair Housing Act [42 U.S.C. § 3601, et seq.];

(2) The residential development is for low-income housing, which, for purposes of this section; shall be defined to mean any housing financed by a loan or mortgage that is insured or held by the Secretary of Housing and Urban Development or the Delaware State Housing Authority or which is developed by a nonprofit corporation certified under § 501(c)(3) of the United States Internal Revenue Code [26 U.S.C. § 501(c)(3)]; or

(3) The applicant has pledged, in a writing recorded and running with the subject property, to pay a voluntary school assessment in an amount determined pursuant to § 103(c) of Title 14 for each lot for which the applicant would otherwise be required to obtain a certificate.

(c) Voluntary school assessments will be calculated on a per unit basis as of the issuance of the first building permit, and the fee shall

remain constant throughout the development of the subdivision (and shall not be increased for any reason, including but not limited to any resubdivision); provided, however, that after 5 years the voluntary school assessment amount may be recalculated. Any voluntary school assessments paid under this subsection shall be paid to the Department of Education at the time that a certificate of occupancy is obtained for each unit, and shall be deposited by the Department into an interest-bearing account as set forth below. With the approval of the Secretary, after consultation with the superintendent of the affected school district, an applicant may receive a credit against voluntary assessments to be paid in an amount equal to the fair market value of any lands or properties set aside by the applicant and deeded to the school district for school uses. Any such lands shall not be used for nonschool purposes, other than as parkland or open space. All voluntary assessments paid shall be held in an interest-bearing account by the State for the school district in which the applicant's project is located until such time as the school district engages in construction activities which increase school capacity, at which time such assessments shall be released to the school district by the State in the amount of voluntary school assessments paid into an interest-bearing account for such district. It is the intent of this section that lands or properties required to be conveyed by the applicant to a municipality as a condition either to annexation or subdivision approval shall not be eligible to be used for purposes of obtaining a credit against the voluntary school assessment, notwithstanding the fact that such lands or properties may subsequently be conveyed by the municipality to a school district.

(d) To the extent any municipality located in a county that utilizes voluntary school assessments has adopted (or in the future attempts to adopt) any regulations or ordinances linking or tying residential development to school capacity or otherwise restricting residential development in the absence of school capacity for lands covered by this section, such regulations and ordinances are hereby preempted and of no force and effect.

(14) Make, and from time to time amend and repeal, bylaws, rules and regulations not inconsistent with this section to carry into effect the powers and purposes of the company.

(15) Notwithstanding any other law, invest any funds held in reserve or sinking funds, or any funds not required for immediate disbursement, including the proceeds from the sale of any bonds, in such obligations, securities and other investments as the company deems proper.

(16) Join organizations, membership in which is deemed by the board of directors to be beneficial to accomplishment of the company's purposes.

(17) Exercise any other powers which are deemed necessary and convenient by the company to effectuate the purposes of the company.

(18) Do and perform any acts and things authorized by this chapter under, through or by means of any agent or by contracts with any person.

(61 Del. Laws, c. 496, § 1.)

§ 1306 Public character.

An electric company established by contract under this chapter shall constitute a political subdivision and body public and corporate of the State, exercising public powers, separate from the contracting municipalities. It shall have the duties, privileges, immunities, rights, liabilities and disabilities of a public body politic and corporate but shall not have taxing power.

(61 Del. Laws, c. 496, § 1.)

§ 1307 Purchase and sales agreements; advance payments.

(a) The contracting municipalities may provide in the contract created under § 1303 of this title for payment to the company of funds for commodities to be procured and services to be rendered by the company. These municipalities and other persons and public agencies may enter into purchase agreements with the company for the purchase of electric power and energy whereby the purchaser is obligated to make payments in amounts which shall be sufficient to enable the company to meet its expenses, interest and principal payments (whether at maturity or upon sinking fund redemption) for its bonds, reasonable reserves for debt service, operation and maintenance and renewals and replacements and the requirements of any rate covenant with respect to debt service coverage contained in any resolution, trust indenture or other security instrument. Purchase agreements may contain such other terms and conditions as the company and the purchasers may determine, including provisions whereby the purchaser is obligated to pay for power irrespective of whether energy is produced or delivered to the purchaser or whether any project contemplated by any such agreement is completed, operable or operating, and notwithstanding suspension, interruption, interference, reduction or curtailment of the output of such project. Such agreements may be for a term covering the life of a project or for any other term, or for an indefinite period. The contract created under § 1303 of this title or a purchase agreement may provide that if 1 or more of the purchasers defaults in the payment of its obligations under any such purchase agreement, the remaining purchasers which also have such agreements shall be required to accept and pay for and shall be entitled proportionately to use or otherwise dispose of the power and energy to be purchased by the defaulting purchaser. For purposes of this section the phrase "purchase of electric power and energy" includes any right to capacity or interest in any project.

(b) The obligations of a municipality under a purchase agreement with a company or arising out of the default by any other purchaser with respect to such an agreement shall not be construed to constitute debt of the municipality. To the extent provided in the purchase agreement, such obligations shall constitute special obligations of the municipality, payable solely from the revenues and other moneys derived by the municipality from its municipal electric utility and shall be treated as expenses of operating a municipal electric utility.

(c) The contract also may provide for payments in the form of contributions to defray the cost of any purpose set forth in the contract and as advances for any such purpose subject to repayment by the company.

(61 Del. Laws, c. 496, § 1.)

§ 1308 Sale of excess capacity.

(a) An electric company may sell or exchange excess power and energy produced or owned by it not required by any of the contracting municipalities for such consideration and for such period and upon such terms and conditions as it may determine to any other person or public agency.

(b) Notwithstanding any other provision of this chapter or any other statute, nothing shall prohibit a company from undertaking any project in conjunction with or owning any project jointly with any person or public agency.

(61 Del. Laws, c. 496, § 1.)

§ 1309 Regulation.

Except as otherwise provided in §§ 201, 203A and 203B of subchapter II of Title 26, the Delaware Public Service Commission shall have no supervision or regulation over any municipal electric company formed pursuant to this chapter or over the budget, operations, rates, property, property rights, equipment, facilities or franchises of any municipal electric company formed under this chapter.

(61 Del. Laws, c. 496, § 1; 68 Del. Laws, c. 299, § 1.)

§ 1310 Bond issues.

(a) An electric company may issue such types of bonds as it may determine, subject only to any agreement with the holders of particular bonds, including bonds as to which the principal and interest are payable exclusively from all or a portion of the revenues from 1 or more projects, or from 1 or more revenue producing contracts made by the company with any person or public agency, or from its revenues generally, or which may be additionally secured by a pledge of any grant, subsidy or contribution from any public agency or other person, or a pledge of any income or revenues, funds or moneys of the company from any source whatsoever.

(b) A company may from time to time issue its bonds in such principal amounts as the company deems necessary to provide sufficient funds to carry out any of its corporate purposes and powers, including the establishment or increase of reserve interest accrued during construction of a project and for a period not exceeding 1 year after the completion of construction of a project, and the payment of all other costs or expenses of the company incident to and necessary or convenient to carry out its corporate purposes and powers.

(c) Neither the members of the board of directors of a company nor any person executing the bonds shall be liable personally on the bonds by reason of the issuance thereof.

(d) The bonds of an electric company (and such bonds shall so state on their face) shall not be a debt of the municipalities which are

parties to the contract creating the company or of the State and neither the State nor any such municipality shall be liable thereon nor in any event shall such bonds be payable out of any funds or properties other than those of the company.

(61 Del. Laws, c. 496, § 1.)

§ 1311 Form and sale of bonds.

(a) Bonds of an electric company shall be authorized by resolution of the board of directors and may be issued under such resolution or under a trust indenture or other security instrument in 1 or more series and shall bear such date or dates, mature at such time or times, bear interest at such rate or rates, be in such denomination or denominations, be in such form, either coupon or registered, carry such conversion or registration privileges, have such rank or priority, be executed in such manner, be payable in such medium of payment, at such place or places and be subject to such terms of redemption (with or without premium) as such resolution, trust indenture or other security instrument may provide, and without limitation by any other law limiting amounts, maturities or interest rates.

(b) The bonds may be sold at public or private sale as the company may provide and at such price or prices as the company shall determine.

(c) In case any of the officers whose signatures appear on any bonds or coupons shall cease to be such officers before the delivery of such obligations, such signatures shall, nevertheless, be valid and sufficient for all purposes, the same as if the officers had remained in office until such delivery.

(61 Del. Laws, c. 496, § 1.)

§ 1312 Covenants.

The company shall have power in connection with the issuance of its bonds to:

(1) Covenant as to the use of any or all of its property, real or personal.

(2) Redeem the bonds, to covenant for their redemption and to provide the terms and conditions thereof.

(3) Covenant to charge rates, fees and charges sufficient to meet operating and maintenance expenses, renewals and replacements to a project, principal and debt service on bonds, creation and maintenance of any reserves required by a bond resolution, trust indenture or other security instrument and to provide for any margins or coverages over and above debt service on the bonds deemed desirable for the marketability of the bonds.

(4) Covenant and prescribe as to events of default and terms and conditions upon which any or all of its bonds shall become or may be declared due before maturity, as to the terms and conditions upon which such declaration and its consequences may be waived and as to the consequences of default and the remedies of bondholders.

(5) Covenant as to the mortgage or pledge of or the grant of a security interest in any real or personal property and all or any part of the revenues from any project or projects or any revenues producing contract or contracts made by the company with any person or public agency to secure the payment of bonds, subject to such agreements with the holders of bonds as may then exist.

(6) Covenant as to the custody, collection, securing, investment and payment of any revenues, assets, moneys, funds or property with respect to which the company may have any rights or interest.

(7) Covenant as to the purposes to which the proceeds from the sale of any bonds then or thereafter to be issued may be applied, and the pledge of such proceeds to secure the payment of the bonds.

(8) Covenant as to limitations on the issuance of any additional bonds, the terms upon which additional bonds may be issued and secured and the refunding of outstanding bonds.

(9) Covenant as to the rank or priority of any bonds with respect to any lien or security.

(10) Covenant as to the procedure by which the terms of any contract with or for the benefit of the holders of bonds may be amended or abrogated, the amount of bonds, the holders of which must consent thereto, and the manner in which such consent may be given.

(11) Covenant to the custody of any of its properties or investments, the safekeeping thereof, the insurance to be carried thereon and the use and disposition of insurance proceeds.

(12) Covenant as to the vesting in a trustee or trustees, within or outside the State, of such properties, rights, powers and duties in trust as the company may determine.

(13) Covenant as to the appointing and providing for the duties and obligations of a paying agent or paying agents or other fiduciaries within or outside the State.

(14) Make all other covenants and to do any and all such acts and things as may be necessary or convenient or desirable in order to secure its bonds, or in the absolute discretion of the company tend to make the bonds more marketable; notwithstanding that such covenants, acts or things may not be enumerated herein; it being the intention hereof to give the company power to do all things in the issuance of bonds and in the provisions for security thereof which are not inconsistent with the Constitution of the State.

(15) Execute all instruments necessary or convenient in the exercise of the powers herein granted or in the performance of covenants or duties, which may contain such covenants and provisions, as any purchaser of the bonds of the company may reasonably require.

(61 Del. Laws, c. 496, § 1.)

§ 1313 Refunding bonds.

A company may issue refunding bonds for the purpose of paying any of its bonds at or prior to maturity or upon acceleration or redemption. Refunding bonds may be issued at such time prior to the maturity or redemption of the refunded bonds as the company deems

to be in the public interest. The refunding bonds may be issued in sufficient amounts to pay or provide the principal of the bonds being refunded, together with any redemption premium thereon, any interest accrued or to accrue to the date of payment of such bonds, the expenses of issue of the refunding bonds, the expenses of redeeming the bonds being refunded and such reserves for debt service or other capital or current expenses from the proceeds of such refunding bonds as may be required by the resolution, trust indenture or other security instruments. The issue of refunding bonds, the maturities and other details thereof, the security therefor, the rights of the holders thereof and the rights, duties and obligations of the company in respect of the same shall be governed by this chapter relating to the issue of bonds other than refunding bonds insofar as the same may be applicable.

(61 Del. Laws, c. 496, § 1.)

§ 1314 Bonds eligible for investment.

Bonds issued by a company under this chapter are hereby made securities in which all public officers and agencies of the State and all political subdivisions, all insurance companies, trust companies, banks, savings and loan associations, investment companies, executors, administrators, trustees and other fiduciaries may properly and legally invest funds, including capital in their control or belonging to them. Such bonds are hereby made securities which may properly and legally be deposited with and received by any officer or agency of the State or any political subdivision for any purpose for which the deposit of bonds or obligations of the State or any political subdivision is now or may hereafter be authorized by law.

(61 Del. Laws, c. 496, § 1.)

§ 1316 Successor entities.

(61 Del. Laws, c. 496, § 1.)

§ 1317 Other statutes.

The powers granted under this chapter do not limit the powers of municipalities to enter into intergovernmental cooperation or contracts or to establish separate legal entities under municipal charters or any other applicable law or otherwise to carry out their powers under applicable statutory provisions, nor shall such powers limit the powers reserved to municipalities by state law. By enacting this chapter, the General Assembly contemplates that activities by municipalities or municipal agencies pursuant to this chapter should not be subject to the antitrust laws of the United States.

(61 Del. Laws, c. 496, § 1.)

(61 Del. Laws, c. 496, § 1.)

§ 1319 Termination of services to a dwelling unit [Effective Aug. 20, 2025].

(a) For purposes of this section:

(1) "Cooling season" means that portion of the calendar year extending from June 1 through September 30.

(2) "Employee" includes:

a. Any person who is an employee of such utility authorized to accept payment for sales and services.

b. The individual who is to terminate such sale or service.

(3) "Heating season" means that portion of the calendar year extending from November 1 to March 31.

(4) "Person" includes any individual, corporation, partnership, association, or joint-stock company.

(b) (1) An electric company may not discontinue services to a dwelling unit due to nonpayment of past charges for services without at least 72 hours' notice to the occupants of the dwelling unit of intention to terminate, except as otherwise provided by this section.

(2) All electric companies must maintain a voluntary third-party notification program where a customer may designate, in writing, a third party to also receive the notice of termination of service required by paragraph (b)(1) of this section. The designated third party must indicate, in writing, willingness to receive such notice on behalf of the customer and may not be held liable to the electric company by reason of acceptance of third-party status.

(c) (1) Unless there is a safety-related emergency, an electric company may not suspend or turn off utility services to a dwelling unit

outside the hours of 8:00 a.m. and 4:00 p.m., Monday through Thursday, unless such utility provides facilities for payment and restoration of services at all times during such period. Should Thursday or Friday be a legal, state or national holiday, Wednesday must be substituted for Thursday. Should Monday be a state or national, legal holiday, the next succeeding business day must be substituted for Monday.

(2) Unless there is a safety-related emergency, an electric company may not suspend or turn off utility services to a dwelling unit from December 21 of each year to January 1 of the following year.

(d) In no event may such termination occur if an occupant of a dwelling unit is so ill that the termination of service will adversely affect the occupant's health or recovery, which has been certified by a signed statement from a duly licensed physician, physician assistant, or advanced nurse practitioner, of this State or of a state with similar accreditation and received by any employee or officer of an electric company. Signed statements from a licensed physician, physician assistant, or advanced nurse practitioner, obtained pursuant to this section are effective for 120 days. Signed statements may be renewed by means of a new signed statement to prevent termination only if a customer makes a good faith effort to make payments towards the electric company. The electric company must create a dispute resolution process where disputes under this section may be reviewed. While such dispute is pending, an electric company must continue to provide utility service to the customer until the dispute is resolved. When possible, no termination under this section may occur without advance notice to any known case manager or coordinator of an occupant in an affected dwelling unit.

(e) (1) An electric company may not terminate service to a dwelling unit for nonpayment of past charges on a day when the National Weather Service reports that the 8:00 a.m. temperature measured at an airport in the same county as the subject dwelling unit is 35 degrees Fahrenheit or below on the morning of the date when the service is scheduled for termination.

(2) An electric company may not terminate service to a dwelling unit for nonpayment of past charges on a day when the 8:00 a.m. National Weather Service forecast contains a special weather statement or other information predicting that the heat index measured at an airport in the same county as the subject dwelling unit may equal or exceed 95 degrees Fahrenheit on the date when service is scheduled for termination.

(3) When termination of service, otherwise authorized, has been deferred under paragraph (e)(1) or (e)(2) of this section, notice of deferral must be given to the account holder on the date on which termination was to be effected, notifying the occupant that unless proper payment arrangements are made, service will be terminated on a day where paragraph (e)(1) or (e)(2) of this section does not apply. If termination of service involves an apartment complex, trailer park, or other grouping of individual residential dwellings units to which service is provided directly or indirectly through a master meter without individual meters, the notice must be given to all occupants of each dwelling unit in the building complex in which service is proposed to be terminated.

(f) (1) No electric company may terminate service to a dwelling unit during the heating or cooling season for nonpayment of a past due bill unless at least 14 calendar days prior to such termination, written notice is given to the account holder. Where the billing address is different than the location of the dwelling unit, written notice must be sent to the billing address and to the address of the dwelling unit. During the heating season, the electric company must make at least 2 documented attempts on separate days to contact the account holder by telephone, text message, or email prior to actual termination of service. One attempt must be after 5:00 p.m. During the cooling season, the electric company must make at least 1 documented attempt to contact the account holder by telephone, text message, or email prior to actual termination of service.

(2) Written notice required by paragraph (f)(1) of this section must include the following information:

a. The date on or after which termination of services will occur unless some satisfactory arrangement is made for the payment of the undisputed delinquent bills, which date may be no less than 14 calendar days from the mailing of written notice.

b. That if there is a good faith dispute concerning the unpaid bills, termination of service will not take place pending determination of the dispute.

c. That if the occupant or other payor is unable to pay the full amount of the undisputed bill, termination of service may be avoided by entering into an initial payment installment agreement with the electric company.

d. A referral to charitable or governmental assistance programs, including the Low-Income Home Energy Assistance Program.

e. That if any occupant is ill and the termination of services would adversely affect the occupant's health or recovery, the occupant or other payor may defer termination of services under subsection (d) of this section.

(g) Each contracting municipality under this chapter that engages a municipal electric company must adopt regulations and ordinances to enforce the provisions of this section. The contracting municipality may assess a civil penalty of up to \$1,000 for each violation of this section. Each day of continued violation is considered a separate violation.

(h) Notwithstanding any other provision of this section, an electric company may discontinue service to a dwelling unit if the utility account holder requests that utility services be discontinued and the request is voluntary.

(85 Del. Laws, c. 24, § 2.)

Chapter 15

MUNICIPAL BUSINESS IMPROVEMENT DISTRICTS

§ 1501 Findings and declaration of policy.

The General Assembly hereby finds and declares that:

- (1) Preserving and enhancing commercial enterprise in the traditional business centers of the cities and towns of Delaware are critical to the long-term financial well-being of the State;
 - (2) The availability of enhanced municipal services within Delaware's urban commercial centers, which result in significantly improved street and sidewalk sanitation, facilities and infrastructure maintenance and public security, serve as a magnet to the consuming public;
 - (3) Numerous cities and towns throughout the United States, including Philadelphia, Baltimore, Buffalo and Allentown, have successfully funded and witnessed the benefit of such enhancements through the creation of business improvement districts as authorized by State legislative enactment;
 - (4) The cost of the enhanced municipal services provided for within a business improvement district is funded exclusively by the principal beneficiaries thereof, the commercial enterprises within each such district, thereby avoiding further demand on the strained public treasury.

 - (2) A description of the authority or management company which will govern such district, which authority or management company shall be comprised of not less than 5 members or directors respectively who either own a commercial property within such district, or are the designee of such owner;
 - (3) A general description of the services and/or improvements which the district shall be authorized to provide;
 - (4) The specific assessment base through which the annual budget of the district shall be funded;
 - (5) If the district is divided into assessment zones, the percentage of the district's annual budget which each zone shall fund;

 - (9) The method, manner and frequency of reports which each such district must file with the municipality with respect to its affairs.
- (b) The ordinance required by this section shall, in addition to any other applicable public notice procedures, be advertised in a periodical

which is generally circulated within the area designated as the district not less than 10 days prior to its introduction. Such ordinance shall, unless the ordinance shall otherwise expressly provide, be effective 30 days after the date of its enactment.

(69 Del. Laws, c. 328, § 1.)

§ 1504 Creation and powers of the authority or management company.

(a) The authority or management company authorized by ordinance to govern a district shall be created by the filing of a certificate of authority or incorporation with the Secretary of State, which certificate shall include:

- (1) Citation to the ordinance authorizing its creation;
- (2) The names and business addresses of those nominated and approved as the initial members or directors of the authority or management company;
- (3) The term of existence of the authority or management company;
- (4) Any express terms or conditions proposed by the enabling ordinance regarding the powers, duties or restrictions imposed upon the authority or management company.

(b) Except as restricted by this chapter or the ordinance creating it, an authority or management company shall have, by way of example not limitation, the power:

- (1) To acquire, hold and use property necessary to achieve its purposes;
- (2) To make contracts;
- (3) To sue and be sued;
- (4) To incur debt, and pledge or hypothecate its assets in security thereof;
- (5) To propose an annual budget, and to calculate and assess against all assessable properties within the district, through the assessment base selected by the municipality, such amount as is necessary to fund such budget;
- (6) To adopt by-laws for its governance;
- (7) To indemnify its members, officers and employees to the full extent authorized by the General Corporation Law [Chapter 1 of Title 8]; and

(69 Del. Laws, c. 328, § 1.)

§ 1505 Method of assessment.

(a) The authority or management company shall assess each assessable property within the district by multiplying the total service and improvement cost as reflected in the adopted budget for each year (less any allocated surplus or estimated revenue from other sources) by the ratio of the amount of such assessable property's assessment base to the total amount of the assessment base for all assessable properties in the district or, if the district is divided into assessment zones, in the respective assessment zone; provided, that in all cases the assessment base shall be the one designated in the enabling ordinance by the municipality to fund the district; and provided further, that notwithstanding the above, the authority or management company shall have the power to impose an assessment of a minimum amount; and provided further, that notwithstanding the above, the authority or management company may impose a lower rate or minimum amount of assessment on properties owned by organizations exempt from the municipality's real property tax if the municipality has chosen not to exempt such properties from the district.

(b) The authority or management company may by resolution authorize the payment of such assessment in annual, or more frequent, equal installments, over such time and bearing interest at such rate as may be specified in such resolution.

(c) All assessments imposed by an authority shall constitute a lien on each property so assessed, the nonpayment of which shall be collectable in the same manner as the collection of a property tax delinquency by the municipality in which the district lies. No action taken to enforce a claim by the authority or management company for any annual payment or installment payment shall affect the status of any subsequent installment of the same or the next assessment, each of which shall constitute a lien upon the property.

(69 Del. Laws, c. 328, § 1.)

§ 1506 Prohibitions.

(a) No authority or management company shall issue bonds or other forms of securities; nor shall any authority or management company pledge the full faith and credit of the municipality in which its district lies for the payment of its debts, or of the State.

(c) No authority or management company may make any assessment for the provision of any service which is not for the direct benefit and advantage of the business improvement district.

(69 Del. Laws, c. 328, § 1.)

§ 1507 Annual review by municipality.

Not less frequently than annually, the municipality shall review the performance of each authority or management company created by such municipality and shall prepare for public inspection a report which certifies that:

- (1) The authority or management company is in compliance with its enabling ordinance, its certificate of incorporation and by-laws

and the provisions of this chapter;

(2) The authority or management company is fiscally sound; and

(3) The authority or management company has not discriminated against any person based upon race, sex, national origin, religion, age or disability.

Subchapter II

§ 1921 Qualifications for Downtown Development District Grants.

(a) Subject to the limitations set forth in this subchapter, any qualified district investor making a qualified real property investment in a district shall be entitled to a grant in an amount up to 20% of the qualified real property investments made by such qualified district investor in excess of the minimum qualified investment threshold.

(b) For purposes of this chapter:

(1) “DDD Grant” or “grant” shall mean a Downtown Development District Grant as set forth in subsection (a) of this section hereunder.

(2) “Facility” means a complex of buildings, co-located at a single physical location within a district, all of which are necessary to facilitate the conduct of the same residential, trade, or business use. This definition applies to new construction as well as to the rehabilitation and expansion of existing structures.

(3) “Minimum qualified investment threshold” means the minimum level of qualified real property investments required to be made by a qualified district investor in a building or facility in order to qualify for a DDD Grant, as determined by DSHA. Notwithstanding the foregoing, for the fiscal year ending June 30, 2015, the minimum qualified investment threshold shall be \$25,000 with respect to a single residential or mixed-use building or a facility. No more often than once per year, DSHA may amend the minimum qualified investment threshold with respect to uses (residential, commercial, industrial, etc.), types of projects (rehabilitation, new construction, etc.), or other criteria determined by DSHA to be necessary or convenient to accomplish the purposes of this chapter.

(4) “Qualified district investor” means an owner or tenant of real property located within a district who expands, rehabilitates or constructs such real property for residential, commercial, industrial or mixed use. In the case of a tenant, the amounts of qualified real property investment specified in this section shall relate to the proportion of the building or facility for which the tenant holds a valid lease. In the case of an owner of an individual unit within a “common interest community,” as such term is defined in § 81-103 of Title 25, the amounts of qualified real property investments specified in this chapter shall relate to that proportion of the building for which the owner holds title and not to common elements.

(5) “Qualified real property investment” means the amount in excess of the minimum qualified investment threshold that is properly chargeable to a capital account for improvements to rehabilitate, expand or construct depreciable real property placed in service during the calendar year within a district. Specific inclusions and exclusions from the definition of “qualified real property investments” shall be determined by DSHA, but such definition shall generally include expenditures associated with:

- a. Any exterior, interior, structural, mechanical or electrical improvements necessary to construct, expand or rehabilitate a building or facility for residential, commercial, industrial, or mixed use;
- b. Excavations;
- c. Grading and paving;
- d. Installing driveways;
- e. Landscaping or land improvements; and
- f. Demolition.

Notwithstanding the foregoing, no investment in the rehabilitation, expansion, or construction of any building or facility in a district shall be a qualified real property investment unless it is performed in accordance with the district plan.

(79 Del. Laws, c. 240, § 1.)

§ 1922 Limitations and conditions.

(a) The availability of Downtown Development District Grants in any given year shall be subject to appropriation by the General Assembly.

(b) In addition to its other powers and responsibilities hereunder, DSHA is expressly authorized to establish such other limitations and conditions with respect to grants as may be necessary or convenient to accomplish the purposes of this chapter, including but not limited to:

- (1) Amending the minimum qualified investment threshold;
- (2) Establishing caps or limits on DDD Grants available to any qualified district investor, alone or in combination with other local, state, or federal incentives for any individual building or facility (including but not limited to state historic preservation tax credits pursuant to Chapter 18 of Title 30);
- (3) Establishing additional qualifying criteria with respect to uses (residential, commercial, industrial, etc.) or types of projects (rehabilitation, new construction, etc.);
- (4) Incentivizing particular types of uses or projects in 1 or more districts; and
- (5) Establishing such other limitations and conditions in 1 or more districts as DSHA shall determine from time to time.

(c) DSHA may establish or amend the foregoing limitations and conditions no more often than once per year.

(79 Del. Laws, c. 240, § 1.)

§ 1923 Policies and procedures for allocation of Downtown Development District Grants.

(a) Qualified district investors shall be eligible to receive DDD Grant provided for in this chapter to the extent that they apply for and are approved for grant allocations through DSHA.

(b) The accuracy and validity of information on qualified real property investments shall be subject to verification procedures in accordance with rules promulgated by DSHA on forms supplied by DSHA and in accordance with dates specified by DSHA.

(79 Del. Laws, c. 240, § 1.)

§ 1924 Administration.

(a) DSHA shall have the primary responsibility for administering the DDD Grant program. In connection therewith, DSHA's powers and duties shall include but not be limited to the following:
